Environmental Policy

Offshore Energy UK Limited is committed to maintaining an environmental management system (EMS) across the oil and gas, renewables, telecommunications, and marine industries in which it operates. The EMS enables Offshore Energy and its companies to identify and mitigate potential and actual risks posed by its activities to the environment. Effective management of environmental risks means that Offshore Energy and its companies will be able to:

- Meet requirements for complying with relevant national, international and local (i.e. site-specific) legislation;
- Meet requirements for complying with environmental standards which the company deems applicable and subscribes to, such as those set by the International Organisation for Standardisation (ISO) and relevant industry bodies;
- Achieve the aims of industry guidance and best practice which the company deems applicable and subscribes to;
- Reduce as much as possible, or eliminate the environmental impact of activities, including preventing pollution; and
- Set appropriate environmental objectives for all levels of operation which are in line the company's purpose and strategic direction.

To support on-going efforts to improve its environmental performance, Offshore Energy UK Limited makes a further commitment to continuously evaluate the effectiveness of its environmental management system using recognised methodology, such as the Plan – Do – Study – Act cycle, and taking account of:

- Outcomes of evaluations;
- Performance against set targets and achievement of planned outcomes;
- The views of interested parties, i.e. those which may have an impact on and / or be impacted by Offshore Energy's activities and its environmental management system; and
- The internal, national, international and local (site) circumstances in which the company is operating.

Meeting these commitments supports a culture of environmental awareness within Offshore Energy UK Limited and its companies, and among its clients and sub-contractors. Offshore Energy endeavours to work with like-minded organisations to ensure that everyone is empowered to take action in the event that activities are, or could be, damaging to the environment.

Electronic Record and Signature Disclosure

CONSUMER DISCLOSURE

From time to time, Offshore Energy UK Limited (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Offshore Energy UK Limited:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: admin@offshore-energy.co

To advise Offshore Energy UK Limited of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at admin@offshore-energy.co and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc. to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in the DocuSign system.

To request paper copies from Offshore Energy UK Limited

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to admin@offshore-energy.co and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Offshore Energy UK Limited

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to admin@offshore-energy.co and in the body of such request you must state your e-mail, full name, US Postal Address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..
